

Ceramics Vietnam & Stone Vietnam 2026 to Bring Together the Ceramics and Natural Stone Industries in Hanoi

HANOI, Vietnam, 14 July 2026 - Ceramics Vietnam & Stone Vietnam 2026 will take place from 2-4 December 2026 at the International Center for Exhibition (I.C.E.) Hanoi, bringing together suppliers, manufacturers, buyers and industry professionals from across the ceramics and natural stone sectors.

Organised by **Messe München Singapore**, the exhibition combines the former **ASEAN Ceramics** and **ASEAN Stone** events into a single platform covering the entire value chain—from mining and industrial minerals to manufacturing technologies, finished products, architectural surfaces and construction applications. The 2026 edition is expected to feature more than **350 exhibiting companies and brands**, welcome over **5,000 trade visitors**, and occupy approximately **6,000 square metres** of exhibition space.

The exhibition is supported by the **German Federal Ministry for Economic Affairs and Energy (BMWE)**, the **Vietnam Building Ceramic Association (VIBCA)**, as well as international industry organisations including **ACIMAC**, **Confindustria Marmomacchine** and **CCPIT**, together with government agencies, trade associations and national pavilions from several countries.

"Vietnam is rapidly strengthening its position as one of Asia's leading manufacturing hubs," said **Robert Schönberger, Global Industry Lead, Messe München**. "Ceramics Vietnam & Stone Vietnam provides an international platform that connects technology providers with manufacturers, buyers and project decision-makers, supporting investment and long-term industry collaboration across Southeast Asia."

Ceramics Vietnam

Co-organised with the Vietnam Building Ceramic Association (VIBCA), **Ceramics Vietnam** covers the full ceramics production chain, including raw materials, industrial minerals, manufacturing equipment, kiln technologies, automation and digital production solutions. The exhibition also showcases ceramic tiles, porcelain slabs, sanitaryware, tableware, refractories and advanced ceramics for industrial applications.

Stone Vietnam

Powered by **Confindustria Marmomacchine** and co-organised with **VNEES**, **Stone Vietnam** focuses on natural stone, engineered surfaces and processing technologies. Exhibits include quarrying equipment, stone processing machinery, diamond tools, engineered stone, quartz surfaces, terrazzo, marble, granite and other architectural materials for residential, commercial and infrastructure projects.

Industry Participation

The exhibition continues to attract manufacturers and suppliers from Europe, Asia and other international markets. Confirmed exhibitors include **Imerys, MCS Portugal, Amberger Kaolinwerke, Grintec Magotteaux, Astral Material, Kemei, VITIS, Rock Team, HJMT, WA Kaolin, CCS, Gilfair, Corbario, Ashriya Granites, Gandhi Mining Group, Fortune Stones, Shyam Chemicals, Jupiter Rock Drills, Guangzhou Jingu Diamond Tools and Solen Tenth**. National and international pavilions from Italy, Germany, China and India have also been confirmed.

In addition to the exhibition, visitors can participate in a programme of technical conferences, business matching sessions, hosted buyer meetings and networking events designed to facilitate knowledge exchange and commercial partnerships throughout the region.
